DELUDED away from Roper's

Wharf, by a Negro Fellow, on Sunday the 11th inst. A New Negro Man, named Caesar, speaks broken English, branded on the Breast C H; had on a white Woollen Cap, short brown Jacket with Strings, and a Pair of short Trowsers.—Whoever delivers the said Negro to JOSEPH DARRELL, in *Tradd-street*, shall receive TEN POUNDS Reward, and, on Conviction of the Offender TWENTY POUNDS:—And if known to be harboured by any Person or Persons, the utmost Rigour of the Law will be put in full Force against them.

NEW-YORK, September 8, 1774.

WHEN the Conduct of Individuals in a Community is such, as to attract public Attention, others are very naturally led to many Inquiries about them; so when civil States rise into Importance, even their earliest History becomes the Object of Speculation. From a Principle of Curiosity, many who have but little or no Connection with the British Colonies in America, are now prying into the Story of their Rise and Progress, while others wish for a farther Acquaintance with them from better, though perhaps more interested Motives. The Means of obtaining this Information, are not accessible by every Person, and if they were, are so scattered, that more Time would be necessary for collecting them, than would be necessary for reading them after they were collected.

To remove this Obstruction from the Path of Science, and at the same Time lay the Foundation of a good American History, by preserving from Oblivion valuable Articles for that Purpose, it is proposed to form a complete Collection of what may be with Propriety styled,

AMERICAN STATE PAPERS.

This Collection will begin with the Grant from Henry to John Cabot, and his Sons for making Discoveries; and will include every important Public Paper (such as Royal Grants, Charters, Acts of Parliament, &c. &c.) relating to America, of which either the Original, or authentic Copies can be procured, down to the present Time. The History of the STAMP-ACT, and other Acts of the British Parliament for raising a Revenue among us by internal Taxation;—Resolves of the American Assemblies;—Votes of Town Meetings;—and such political Pamphlets and other fugitive Pieces as are properly connected with the general Design, and are worthy of Preservation, will also be included; and to the whole will be added an INTRODUCTION, containing an Account of the Constitution of the different British American Colonies, and a very copious INDEX.

It is supposed that the Whole may be comprised in Five Volumes Octavo, and that the Price of each Volume, well bound and lettered, will not exceed one Dollar and a Half.

The Compilation is already begun, and shall be sent to the Press as soon as it can be got ready, and a sufficient Number of Subscribers can be procured. Every Person must see that this Undertaking is attended with many and great Difficulties; and that the Compiler needs, what the Work, if well executed will merit, the friendly Assistance of others. He therefore solicits the public Patronage; and as the Work will not only serve to gratify the Curiosity of the Inquisitive, but be eminently useful in much more important Points of View, he begs that Gentlemen, who are possessed of proper Materials for the Purpose, will be kind enough to favour him with the Use of them, and they shall be carefully returned.—They will be safely forwarded to him, if deposited in the Hands of either of the following Gentlemen, who will also take in Subscriptions, viz. Peter Timothy, in Charles-Town, South-Carolina; William Davis, Printer, Newbern, North-Carolina; John Dixon, Post-Master, Williamsburg; Catherine Green and Son, Annapolis; William & Thomas Bradford, and John Sparhawk, Philadelphia; Messrs. Noel & Hazard, and John Holt, New-York; James Lockwood, Bookseller, New-Haven, Ebenezer Watson, Printer, Hartford, Timothy Green, Printer, New-London, Robertson and Trumbull, Norwich, Connecticut; John Carter, Printer, Providence, Solomon Southwick, Newport, Rhode-Island; Isaiah Thomas, Edes & Gill, Boston, Samuel Hall, Printer, Salem, Massachusetts-Bay; Daniel Fowle, Printer, Portsmouth, New-Hampshire.

Every Person must see that this Undertaking is attended with many and great Difficulties; and that the Compiler needs, what the Work, if well executed will merit, the friendly Assistance of others. He therefore solicits the public Patronage; and as the Work will not only serve to gratify the Curiosity of the Inquisitive, but be eminently useful in much more important Points of View, he begs that Gentlemen, who are possessed of proper Materials for the Purpose, will be kind enough to favour him with the Use of them, and they shall be carefully returned.—They will be safely forwarded to him, if deposited in the Hands of either of the following Gentlemen, who will also take in Subscriptions, viz. Peter Timothy, in Charles-Town, South-Carolina; William Davis, Printer, Newbern, North-Carolina; John Dixon, Post-Master, Williamsburg; Catherine Green and Son, Annapolis; William & Thomas Bradford, and John Sparhawk, Philadelphia; Messrs. Last Thursday, a third Delegate from this Colony, to attend the grand Continental Congress shortly to be held in Philadelphia, JOHN RUTLEDGE, Esq; with his Lady, Miss Rutledge, his Sister, and one of his Sons, Mr. Joshua-Hatt Smith, Mrs. Smith, Mr. Richard Mercer, Mr. George Dickinson, and several other Passengers, embarked and sailed for New-York, in the Brig. Betty, Capt. Peter Schermehorn.

Moore, with the 4th and 5th of our Delegates to the Congress, CHRISTOPHER GADSDEN, and THOMAS LYNCH, Esqrs. and Mrs. Lynch, Miss Lynch, JAMES PARSONS, Esq; Master Thomas Gadsden, Master James Fergusson, Mr. Stephen Cooke, and four of the American Company of Comedians. The Delegates were saluted by seventeen Discharges of Cannon, mounted for that Purpose by the Inhabitants, as the Vessel passed the Market Wharf; when a very unlucky Accident happened, from too hastily charging the Guns, by which Mr. Jacob Milligan and Mr. Charles Boyd were so terribly burnt, that the Lives of both were thought in Danger. A Salute was likewise given by Capt. Benjamin Stone, as the Vessel passed his House on James-Island.

The Gentlemen who were last Wednesday requested to make a new Collection for the Relief of such as must stand in Need of it at Boston, by the Operation of the Port-Act, have proceeded on that Business, and been very successful.

Since our last, the several Packages of Tea that arrived here on the 19th ult. in the Ship Briton, Capt. Urquhart, have been seized and stored by the Collector of His Majesty's Customs.

Altho' TEA is now almost totally disused in this Town, and Sage, Broom, Refinery, and Cassia drank instead of it—the Ladies have entered into the following Association, and are subscribing to it very fast, viz.

"SOUTH-CAROLINA.—We whose Names are subscribed, being hopeful, that a total Disuse of East-India Teas in America, may tend to prevent the Ruin that now hangs over our Country, and to preserve the Lives of our Fathers, Husbands and Sons, and what is still more dear to us, the Liberty of our Posterity, do hereby solemnly promise and engage,

1st. That we will on no Account purchase or buy any East-India Tea from this Day. And,

2dly. That from and after the 1st Day of November next, we will, on no Account, use any such Tea, until it shall have been certified by the General Committee, that the present Contest between Great-Britain and her Colonies be totally ended, and the Rights and Liberties of the latter fully and clearly settled and established—counting any little Self-Denial, we may meet with in our Adherence to these Resolutions, as our Pleasure and Glory in the Cause of our Country."

Yesterday was married Mr. James Stevenson, to Mrs. Elizabeth Eccles, of St. George's Parish, Widow.

AUGUST 22.

Yesterday, arrived here Capt. Little, from New-York, with whom returned Mr. Jonathan Lawrence of this Town. By whom we have an Account of the Death of Sir William Johnson, Bart.

MR. TIMOTHY.

Please to insert in your next Gazette the following Confession of a Writer, who has given no other Proof of his Candour, by at the same Time publicly Acknowledging himself "to be a downright Placeman, and that he

"owes more to the Royal Favour, than to any Merit he can justly claim,"—and oblige, Yours, &c.

A CAROLINIAN.

EXTRACT from "CONSIDERATIONS on certain political Transactions of the Province of South-Carolina," published in 1774. Page 73—74.

"So much has been said on the Right of Taxation, and likewise on the Idea of Virtual Representation, that I forbear to offer one Sentiment about them; and the rather, as I am inwardly persuaded, that the grand Security of the Colonists against unreasonable Burthens, Taxes, or Impositions of any kind by the Mother Country consists in this: That the Interests of both Countries are so blended together, and so entirely intermixed, that it is not possible for the Parent-State to oppress her Colonies, without sensibly feeling at the same Time, and also partaking of a proportionable Share of the Evils arising from any false Measure whatsoever.—Colonization cannot thrive under Hardships and Discouragements; and when the Colonies begin to languish, Britain may begin to tremble.—America therefore has, seriously speaking, nothing to fear; for Interest alone, without the Principle of Love springing from such a near and dear Alliance, will always bring Matters right, and prevail against bad Policy and evil Machinations."

SEPTEMBER 5.

Mr. Charles Boyd one of the unfortunate Persons who were blown up in firing the Salute at the Market-Wharf on Sunday the 12th ult. died last Tuesday.—He has left a poor Widow and Daughter.

Last Wednesday Mr. Thomas Shirley, Merchant, embarked for England, in the Le-Despencer Packet-Boat, Capt. Pond, which sailed the next Morning.

About three Months ago, a Number of Gentlemen made an Offer to cloath themselves in a proper Uniform, to provide themselves with suitable Arms and Accoutrements, and, if they could be indulged with Officers of their own Choice, to form a Company of GRENADIERS to the Charles-Town Regiment of Militia. An Application being made for that Purpose to Col. Charles Pinckney, that worthy Officer, who is a great Encourager of military Improvements, gave it all the Countenance in his Power; in Consequence of which we have already a Company of Grenadiers, who made their first public Appearance in the Field, in their Uniforms, and properly accoutred, on Thursday last; when they went through their Exercises and Firings with a Dexterity and Regularity that surprised the numerous Beholders, and reflects great Honour on themselves as well as on their Officers, whose Assiduity to discipline and exercise the Men, has already rendered the Company a very respectable one, and capable of being of great Service. The Officers are, Capt. John McCall, jun. Lieutenants John Brewton, John Smyth, and William Glen, jun.

At Midnight last Saturday, the Town was alarmed with the Cry of Fire, which had broke out in a Stable adjoining the House of Mr. Willeman, at the upper End of Queen-Street, and was not extinguished before the whole Stable and Roof of the Dwelling House were consumed. Most of the Wells in that Neighbourhood failed yielding Water, from their not being dug sufficiently deep, or made wide enough below, to contain a greater Quantity; otherwise, and if the Inhabitants who attend in such Cases would more readily form Lanes, less Injury would have been sustained. The Fire happened by the Carelessness of a Negro, who had carried a Candle into the Stable. The Artillery, Light Infantry and Grenadier Companies were early assembled there, and active; and Capt. Maltby sent a Party of Seamen ashore, from His Majesty's Ship Glasgow, to assist the Inhabitants.

Yesterday in Capt. Doran, from St. Augustine, arrived Mrs. Box, Widow of the late Attorney-General there; And this Day the embarked in the Ship Pallas, Captain Turner, for London, in which Ship Lieut. Patrick Stuart, of his Majesty's Navy, is also gone.

A Correspondent, who now and then amuses himself in curious Enquiries and Calculations, in which he is generally pretty accurate, gives it to us, as his Opinion that the present Crop of Rice, will be equal in Quality and Quantity to the greatest that has yet been made—that there will not be less than 1,400,000 Pounds of Indico brought to Market this Season, notwithstanding the great Quantities lost upon the Sea-Islands—and that the Crop of Corn and other Provisions, will far exceed the Produce of any former Year. He adds, he has computed, that the Value of our Exports, in all Kinds, during the ensuing Year, will not fall short of £. 700,000 Sterling; and that £. 600,000 thereof will be remitted to Great-Britain, if a Non-Exportation should not be thought necessary by the General Congress, in Consequence of the present Situation of Affairs.

SEPTEMBER 12.

The General Assembly of this Colony was, on Tuesday last, again prorogued, by his Honour the Lieutenant-Governor, to Tuesday the 18th Day of next Month.

The same Day Mr. Jeremiah Brower, of this Town, Merchant, was married to Miss Christiana Miller, Daughter of Stephen Miller, Esq.

Last Wednesday Mr. John Wilson, of Edisto, aged 20 Years, 6 Months and 12 Days, was married to Mrs. Mary Rake, Widow, aged 79 Years, 5 Months and 19 Days.

On Thursday last arrived here, in the Brig. Charles-Town Packet, Capt. Wright, from Philadelphia, amongst other Passengers, the Rev. Mr. Millenberg, and Mr. Aaron Simonson.

The same Day died, much regretted by all her Acquaintance, Mrs. Sarah Elliott, Widow of Thomas Elliott, Esq.

Last Saturday embarked in the Ship Charming Polly, Capt. Fortune, for England, Mr. Zachariah Neufville, in order to be qualified for the Practice of Physic.

Yesterday arrived here from Boston, His Majesty's Sloop Tamar, commanded by Capt. Edward Thornbrough, appointed to this Station in the Room of His Majesty's Ship Glasgow.

No less than Twenty-seven CARGOES of SLAVES have arrived here this Year, directly from the Coast of Africa, besides many small Parcels from the West-Indies, &c. by which this Colony is supposed to have been brought into Debt not less than £. 200,000 Sterling.

SEPTEMBER 19.

We have not Room in this Day's Gazette for Particulars of the present State of Affairs in NORTH-AMERICA. But, if the Accounts we have received from thence can be depended on, the Inhabitants of the Colony of MASSACHUSETTS-BAY are determined, not to submit to any unconstitutional or tyrannical Acts, and to preserve their Charter-Rights.—While every Thing that can be wished,

and on which we so much depend, will be accomplished at the GRAND CONTINENTAL CONGRESS, now holding at Philadelphia, which was opened in that City on the 5th Instant, when the Hon. PATTON RANDOLPH, Speaker of the late House of Burgesses in Virginia, was chosen President, and Mr. CHARLES THOMSON of Philadelphia, Secretary.

Last Tuesday sailed with the Mails for Great-Britain, His Majesty's Packet-Boat Sandwich, commanded by Capt. Michael Kelly.

Last Saturday a great Number Passengers arrived here from Philadelphia, in the Brig. Friendship, Capt. Joseph Blewer; amongst them, Mr. George Harris and Mrs. Harris, Mr. Abercrombie, Col. Minnick, and Mr. William Bellamy, a most ingenious Mechanic, who has brought with him the Model, of a Machine invented by himself, to be work'd by Water, Wind, Horse or Hand, with which he proposes to grind 100 Bushels of Rice per Day, without breaking a Grain: He has also invented another Machine for cleaning and brightening the Grain, with equal Ease and Expedition. All who have viewed the Model, agree that the Invention will be of the greatest Utility to our Planters, and that the Inventor will merit a Reward as well as other Encouragement.

This Day arrived in the Ship Heart-of-Oak, Captain Henry Gunn, from London, Capt. Oswald Campbell of His Majesty's 21st Regiment; Mrs. Pheop, the Wife, &c. a Daughter, of Thomas Pheop, Esq; Miss Latham, Mr. Melchior Warley and Family, and about 12 German Passengers. Also, OWEN ROBERTS, Esq; Captain of the Charles-Town Artillery Company, so much esteemed by and deserving so well of, that Company, that upon a short private Notice, they were assembled before he could land, and received him, with 15 Discharges from their two Field-Pieces, and other Marks of Respect.

This Day failed for Boston, having first taken on board a Supply of Cash from the Custom-house, for the Board of Commissioners, His Majesty's Ship Glasgow, commanded by Capt. William Maltby, with his Tender.

Last Week six Casks of this Year's Crop of Indico were bought at 35s. per Pound, and two at 32s. 6d.

Quantity of Rice exported from this Port, since the 1st Day of November last, 215,263 Tierces.

PROPOSALS

For PRINTING by SUBSCRIPTION,

A Collection of the LAWS,
RELATING TO THE
NAVAL TRADE
OF THE
BRITISH COLONIES
IN
NORTH-AMERICA.

IN which will be included, all the Acts of the BRITISH PARLIAMENT, and the Laws of the several Colonies on the Continent, relating to this Subject.

To which will be added,

COMPLETE INDEXES, which may serve as an Abridgement of the Laws;—LISTS of DUTIABLE GOODS, with the Duties payable for them;—ENUMERATED GOODS, &c. and

Ample Directions for Masters of Vessels,

For regularly entering and clearing at the Custom-House.

This Book will be printed on a good Paper, with a neat Type, and the Price of it in Boards shall not exceed THREE DOLLARS.

SUBSCRIPTIONS are taken in by Peter Timothy, in *Charles-Town, South-Carolina*.

When it is considered how amazingly the Laws of Naval Trade have been multiplied since the first Settlement of *British America*, the Utility of a Collection of them, it is presumed, cannot be disputed; especially as the Conduct of a very great Body of People is to be regulated by them, and Ignorance of the Law is no Excuse for Transgression.

The Duty of all Persons engaged in, or connected with Maritime Affairs, will be found in this Collection, as it will contain all the Laws relating to that Branch of Business, now in Force, which respect the *British American Colonies*.—*Merchants, Masters of Vessels, and Mariners* are principally concerned, but others too will be sensible of its Utility. The Officers of the Customs are particularly interested, as the Lines of their Duty are marked out herein with great Exactness:—*Gentlemen of the Law* will find such a Collection useful as offering them at once what without it would cost them tedious Researches in voluminous Codes:—To Courts of Law it will be important, as containing the Rules by which their Decisions are to be formed:—Legislatures may meet with useful Precedents in it; and even Governors are obliged by its Contents:—In short no Man of Business ought to be without it. The Compiler therefore flatters himself with the Hopes of such Encouragement as will render the Publication an Object worthy of Attention.

M. B. On Account of the present unsettled State of public Affairs, and as some Alteration may probably be made in the Laws respecting America, in Consequence of the Measures now pursuing on both Sides of the Atlantic, the Compiler proposes deferring the Publication of this Collection until such Alterations (if any) can be added to it, that it may be as complete as possible: He hopes, however, that this Circumstance will not prevent those who propose to become Subscribers, from favouring him with their Names, as upon the Encouragement received from them, will depend its being published at all.

To be SOLD,

By the Printer hereof, a few Copies of a Pamphlet, just published in London, entitled,

CONSIDERATIONS
ON THE

MEASURES CARRYING ON

With Respect to the

BRITISH COLONIES

IN

NORTH-AMERICA.

THIS is a most masterly Performance, written since the framing the several Acts against Boston and America, and the best calculated to convince the Ministry, the People of England, and all the World, of the Absurdity and Wickedness of the late Acts, and ruinous Consequences, to England at least, that will certainly attend their being carried into Execution.

Our last Accounts, say, this Pamphlet has had a wonderful Effect in removing the Prejudices and convincing the People of England.

PUBLIC TREASURY, March 4th, 1774.
SOUTH-CAROLINA.

THE Public Treasurers would gladly give the Public such a Description of the Counterfeit Bills now passing in this Province, as might effectually guard every Person from being imposed upon: But there are such a Variety of them (every Emission since the Year 1748 being counterfeited, except the Tax Certificates for the India Trade) that it is impossible. The only two distinguishing Marks that run through the most of them are these, viz. The Figures in the numbering are very bad, and the Names of the Signers are impressed by the Plate, instead of being wrote with a Pen.

SOUTH-CAROLINA.
In the COMMONS HOUSE of ASSEMBLY,
March 18th, 1774.

RESOLVED,
THAT this House will make no Provision to pay the Expence of Visiting, Cleashing, or for Presents given to, any Indians whatsoever who may hereafter come into this Colony, unless especially sent for by the Governor or Commander in Chief, on Affairs immediately relative to the Colony.

ORDERED, That the Clerk do give public Notice in the Gazettes of the said Resolution.

By Order of the House,

ORDERED, That the Clerk of this House do give public Notice of the said Resolution: and also, it is expected, that all Magistrates and other Persons who shall be concerned in the Valuation of any Slave or Slaves so condemned and executed, do have particular regard to the Nature of the Offence which such Slave or Slaves are convicted of, and how much the Value of the said Slave or Slaves are lessened thereby.

By Order of the House,

THOMAS FARR, jun. Clerk.
